

COURSE OVERVIEW TM0113

Implementation Guidelines to the Legal Aspects of Corporate Governance

Course Title

Implementation Guidelines to the Legal Aspects of Corporate Governance

Course Date/Venue

Please see page 3

Course Reference

TM0113

Course Duration/Credits

Five days/3.0 CEUs/30 PDHs

Course Description

This practical and highly-interactive course includes real-life case studies and exercises where participants will be engaged in a series of interactive small groups and class workshops.

This course is designed to provide participants with a detailed and up-to-date overview of Implementation Guidelines to the Legal Aspects of Corporate Governance. It covers the concepts, importance and purpose of corporate governance including the existing systems and structures; the key legal provisions and their implications, compliance requirements and potential legal pitfalls; the globally accepted best practices in corporate governance and the gap between current state and best practices; and the potential challenges, pitfalls and legal guidelines for smooth operations.

Further, the course will also discuss the importance of compliant communication both internally and externally; addressing privacy concerns and regulatory standards; the concept of delineation of duties and the legal perspectives on ensuring clear role demarcations; the duties essential for corporate compliance and legal implications of neglecting these duties; and the arm's length and implications in inter-company transactions and the legal backdrop.

During this interactive course, participants will learn to ensure sustained compliance and apply continuous monitoring and realignment strategies; the legal timelines and frameworks and implications of missed timelines or incorrect filings; balance stakeholder interests with corporate privacy and legal aspects of ensuring transparency without overexposure; keeping abreast with the dynamic legal environment and mechanisms for regular update checks and alignment; study the journey of organizations that successfully integrated strong corporate governance; and the common mistakes and best practices to learn from.

Certificate Accreditations

Haward's certificates are accredited by the following international accreditation organizations: -

- 
British Accreditation Council (BAC)

Haward Technology is accredited by the **British Accreditation Council** for **Independent Further and Higher Education** as an **International Centre**. Haward's certificates are internationally recognized and accredited by the British Accreditation Council (BAC). BAC is the British accrediting body responsible for setting standards within independent further and higher education sector in the UK and overseas. As a BAC-accredited international centre, Haward Technology meets all of the international higher education criteria and standards set by BAC.

- 
The International Accreditors for Continuing Education and Training (IACET - USA)

Haward Technology is an Authorized Training Provider by the International Accreditors for Continuing Education and Training (IACET), 2201 Cooperative Way, Suite 600, Herndon, VA 20171, USA. In obtaining this authority, Haward Technology has demonstrated that it complies with the **ANSI/IACET 2018-1 Standard** which is widely recognized as the standard of good practice internationally. As a result of our Authorized Provider membership status, Haward Technology is authorized to offer IACET CEUs for its programs that qualify under the **ANSI/IACET 2018-1 Standard**.

Haward Technology's courses meet the professional certification and continuing education requirements for participants seeking **Continuing Education Units** (CEUs) in accordance with the rules & regulations of the International Accreditors for Continuing Education & Training (IACET). IACET is an international authority that evaluates programs according to strict, research-based criteria and guidelines. The CEU is an internationally accepted uniform unit of measurement in qualified courses of continuing education.

Haward Technology Middle East will award **3.0 CEUs** (Continuing Education Units) or **30 PDHs** (Professional Development Hours) for participants who completed the total tuition hours of this program. One CEU is equivalent to ten Professional Development Hours (PDHs) or ten contact hours of the participation in and completion of Haward Technology programs. A permanent record of a participant's involvement and awarding of CEU will be maintained by Haward Technology. Haward Technology will provide a copy of the participant's CEU and PDH Transcript of Records upon request.
