Exclusive Smart Training Kit - H-STK®

*Participants of this course will receive the exclusive “Haward Smart Training Kit” (H-STK®). The H-STK® consists of a comprehensive set of technical content which includes **electronic version** of the course materials conveniently saved in a **Tablet PC**.*

PMI Recognition of Haward Courses

The Project Management Institute (PMI) recognizes Haward's Certificates and Continuing Education Units (CEUs).

The recognition and acceptance of our PDUs/CEUs fall under Categories E, F and G of PMI's "Professional Education" section at the PMP Application. Hence, what the delegates simply need to do is to complete this section as part of the PMP Application and submit it to PMI upon the receipt of Haward's certificates and ANSI/IACET's CEUs. PMI will automatically accept the delegates with 40 Contract Honors as a fulfillment of the required Professional Education.

Haward Technology, being the first **Authorized Provider** of the International Association for Continuing Education & Training (**IACET-USA**) in the Middle East, is authorized to award ANSI/IACET **CEUs** that are automatically accepted and recognized by the Project Management Institute (**PMI**).

Who Should Attend

The course provides an overview of all significant aspects and considerations of risk management for all managers, engineers and supervisors who already have knowledge of project management techniques and tools. Some managers are directly responsible for projects and need to manage risk professionally. Others need to know about pitfalls in risk management when managing project management consultants.

Exam Eligibility & Structure

To be eligible for the PMI-RMP credential, you must meet certain educational and professional experience requirements. All project risk management experience must have been accrued within the last five consecutive years prior to your application submission.

Educational Background	Project Risk Management Experience	Project Risk Management Education
