

COURSE OVERVIEW HE1714-1D

NEBOSH Certificate in Health & Safety Leadership Excellence

Course Title

NEBOSH Certificate in Health & Safety Leadership Excellence

Course Date/Venue

September 06, 2026/TBA Meeting Room,
Royal Tulip Muscat Hotel, Muscat, Oman
or Online Virtual Training

Course Reference

HE1714-1D

Course Duration/Credits

One day/0.8 CEUs/08 PDHs

Course Description

This practical and highly-interactive course includes real-life case studies and exercises where participants will be engaged in a series of interactive small groups and class workshops.

This course is designed to provide participants with a detailed and up-to-date overview of NEBOSH Certificate in Health and Safety Leadership Excellence. It covers the reasons for and benefits of health and safety leadership excellence; the importance of an agreed health and safety vision; the business benefits excellent health and safety leadership brings; the moral, legal and business reasons for good health and safety leadership; how leaders can gain assurance that health and safety is being managed effectively; and how good leadership can positively influence health and safety culture.

During this interactive course, participants will learn how mental short cuts, biases, habits and beliefs can influence the decision-making process; the different leadership styles including transformational, authentic, resonant and transactional; the five values and supporting foundations of the HSE's health and safety leadership model; and how relationships with the workforce can be built by effective leadership communication.

Course Objectives/Outcomes & Benefits for the Participants

Upon the successful completion of this course, each participant will be able to:-

- Achieve the NEBOSH Certificate in Health and Safety Leadership Excellence
- Discuss the reasons for and benefits of health and safety leadership excellence, the importance of an agreed health and safety vision and the business benefits excellent health and safety leadership brings
- Discuss the moral, legal, and business reasons for good health and safety leadership
- Recognize how leaders can gain assurance that health and safety is being managed effectively
- Explain how good leadership can positively influence health and safety culture
- Identify how human failure can impact on health and safety culture
- Recognize how mental short cuts, biases, habits, and beliefs can influence the decision-making process
- Carryout different leadership styles, including transformational, authentic, resonant, and transactional
- Apply the five values and supporting foundations of the HSE's health and safety leadership model
- Explain how relationships with the workforce can be built by effective leadership communication

MOCK Exam

Upon the completion of the course, participants have to sit for a MOCK Examination similar to the exam of the Certification Body through Haward's Portal. Each participant will be given a username and password to log in Haward's Portal for the MOCK Exam during the 60 days following the course completion. Each participant has only one trial for the MOCK exam within this 60-day examination window. Hence, you have to prepare yourself very well before starting your MOCK exam as this exam is a simulation to the one of the Certification Body.

Practical Sessions

This practical and highly-interactive course includes real-life case studies and Exercise:-
