

COURSE OVERVIEW TM1115
Certified Facility Manager (CFM)
(IFMA-CFM Exam Preparation Training)

Course Title

Certified Facility Manager (CFM): (IFMA-CFM Exam Preparation Training)

Course Date/Venue

July 05-09, 2026/Congress 2 Meeting Room, Voco Dubai, an IHG Hotel, Sheikh Zayed Rd - Trade Centre, Dubai, UAE

Course Reference

TM1115

Course Duration/Credits

Five days/3.0 CEUs/30 PDHs

Course Description

This practical and highly-interactive course includes various practical sessions and exercises. Theory learnt will be applied using our software tools.

This course is designed to provide participants with a detailed and up-to-date overview of Certified Facility Manager (CFM). It covers the strategic planning, alignment with the demand organization, leadership, change management, relationship and conflict management; the facility operations, maintenance processes, operations processes, building systems and asset management; the facility resilience and business continuity, risk management planning and emergency preparedness, response and recovery; the operational and capital budgeting, procurement and contracting strategies, financial analysis and reporting; and the sustainable facility management, wellness and site management.

During this interactive course participants will learn the proper communication skills and management, quality management and improvement; the master planning, real estate management and functional programming/planning; the data strategy, information management, facility technology, information protection and cyber-security; and the project management planning and design, execution, delivery and closeout.

Course Objectives/Outcomes & Benefits for the Participants

Upon the successful completion of this course, each participant will be able to:-

- Get prepared for the next CFM Exam and have enough knowledge and skills to pass such exam in order to get the Certified Facility Manager from the International Facility Management Association (IFMA)
- Apply strategic planning and alignment with the demand organization as well as leadership, change management, relationship and conflict management
- Carryout facility operations covering maintenance processes, operations processes, building systems and asset management, etc.
- Implement facility resilience and business continuity, risk management planning and emergency preparedness, response and recovery
- Employ operational and capital budgeting, procurement and contracting strategies and financial analysis and reporting
- Apply sustainable facility management, wellness and site management
- Implement proper communication skills and management as well as quality management and improvement
- Apply master planning, real estate management and functional programming/planning
- Carryout data strategy, information management, facility technology, information protection and cyber-security
- Employ project management planning and design, execution, delivery and closeout

Exam Fee

US\$ 1,215 per Delegate + **VAT**.

Certificate Accreditations

Haward’s certificates are accredited by the following international accreditation organizations: -

- 

British Accreditation Council (BAC)

Haward Technology is accredited by the **British Accreditation Council** for **Independent Further and Higher Education** as an **International Centre**. Haward’s certificates are internationally recognized and accredited by the British Accreditation Council (BAC). BAC is the British accrediting body responsible for setting standards within independent further and higher education sector in the UK and overseas. As a BAC-accredited international centre, Haward Technology meets all of the international higher education criteria and standards set by BAC.

- 

The International Accreditors for Continuing Education and Training (IACET - USA)

Haward Technology is an Authorized Training Provider by the International Accreditors for Continuing Education and Training (IACET), 2201 Cooperative Way, Suite 600, Herndon, VA 20171, USA. In obtaining this authority, Haward Technology has demonstrated that it complies with the **ANSI/IACET 2018-1 Standard** which is widely recognized as the standard of good practice internationally. As a result of our Authorized Provider membership status, Haward Technology is authorized to offer IACET CEUs for its programs that qualify under the **ANSI/IACET 2018-1 Standard**.

Haward Technology’s courses meet the professional certification and continuing education requirements for participants seeking **Continuing Education Units** (CEUs) in accordance with the rules & regulations of the International Accreditors for Continuing Education & Training (IACET). IACET is an international authority that evaluates programs according to strict, research-based criteria and guidelines. The CEU is an internationally accepted uniform unit of measurement in qualified courses of continuing education.

Haward Technology Middle East will award **3.0 CEUs** (Continuing Education Units) or **30 PDHs** (Professional Development Hours) for participants who completed the total tuition hours of this program. One CEU is equivalent to ten Professional Development Hours (PDHs) or ten contact hours of the participation in and completion of Haward Technology programs. A permanent record of a participant’s involvement and awarding of CEU will be maintained by Haward Technology. Haward Technology will provide a copy of the participant’s CEU and PDH Transcript of Records upon request.

1430	<i>Lunch & End of Day Four</i>

Day 5: Thursday, 09th of July 2026

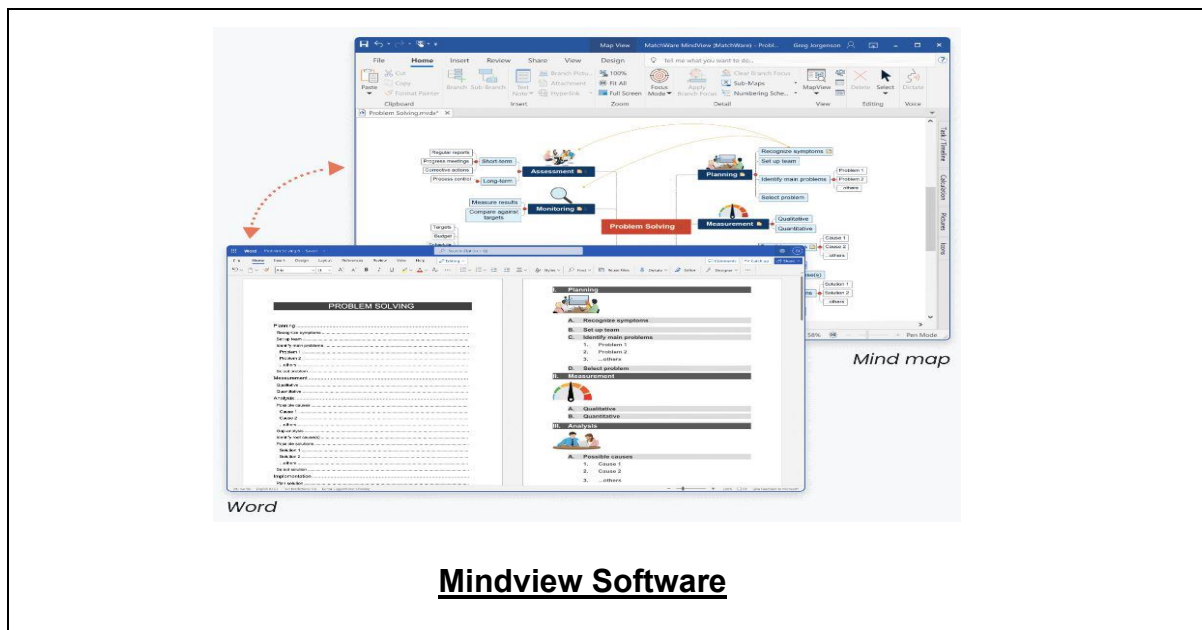

0730 – 0930	Facility Technology & Data Management <i>Data Strategy and Information Management • Facility Technology</i>
0930 – 0945	<i>Break</i>
0945 – 1100	Facility Technology & Data Management (cont'd) <i>Information Protection & Cybersecurity</i>
1100 – 1230	Project Management <i>Planning & Design • Execution & Delivery</i>
1230 – 1245	<i>Break</i>
1245 – 1345	Project Management (cont'd) <i>Project Closeout</i>
1345 – 1400	Course Conclusion <i>Using this Course Overview, the Instructor(s) will Brief Participants about the Course Topics that were Covered During the Course</i>
1400 – 1415	POST-TEST
1415 – 1430	<i>Presentation of Course Certificates</i>
1430	<i>Lunch & End of Course</i>

MOCK Exam

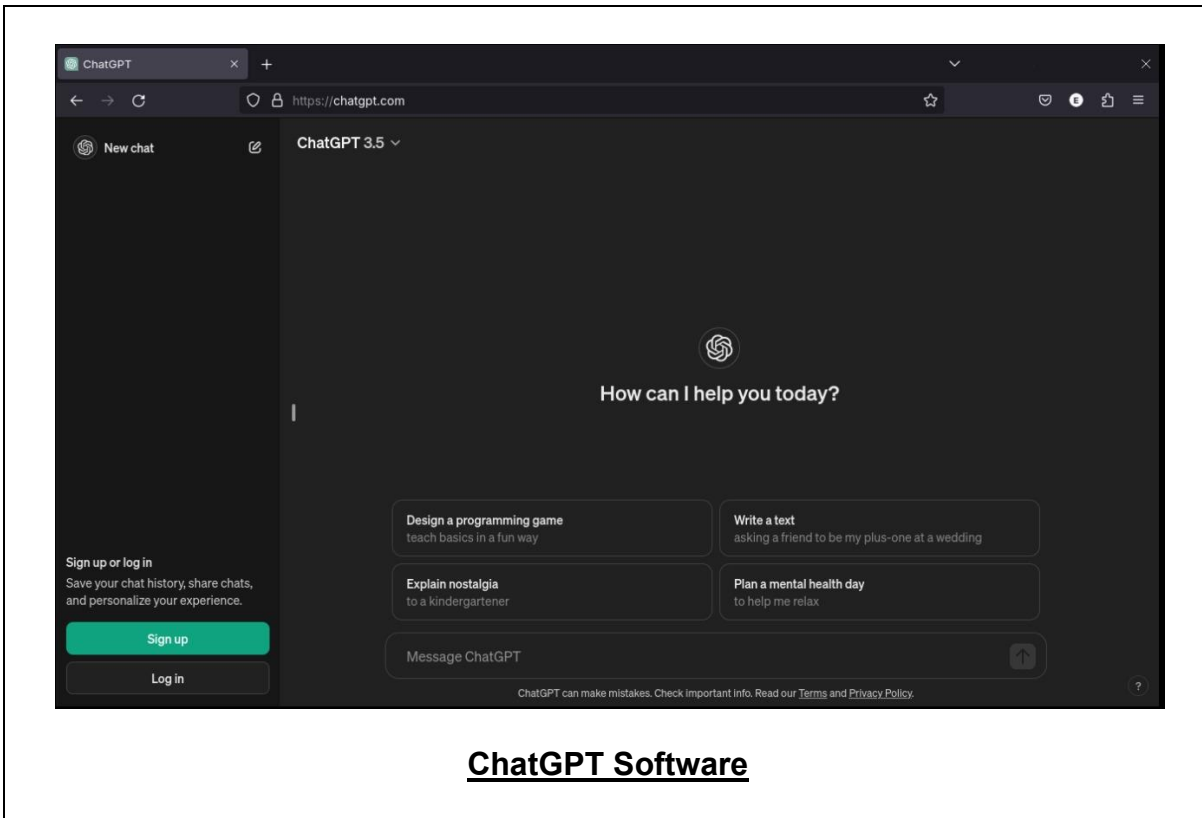

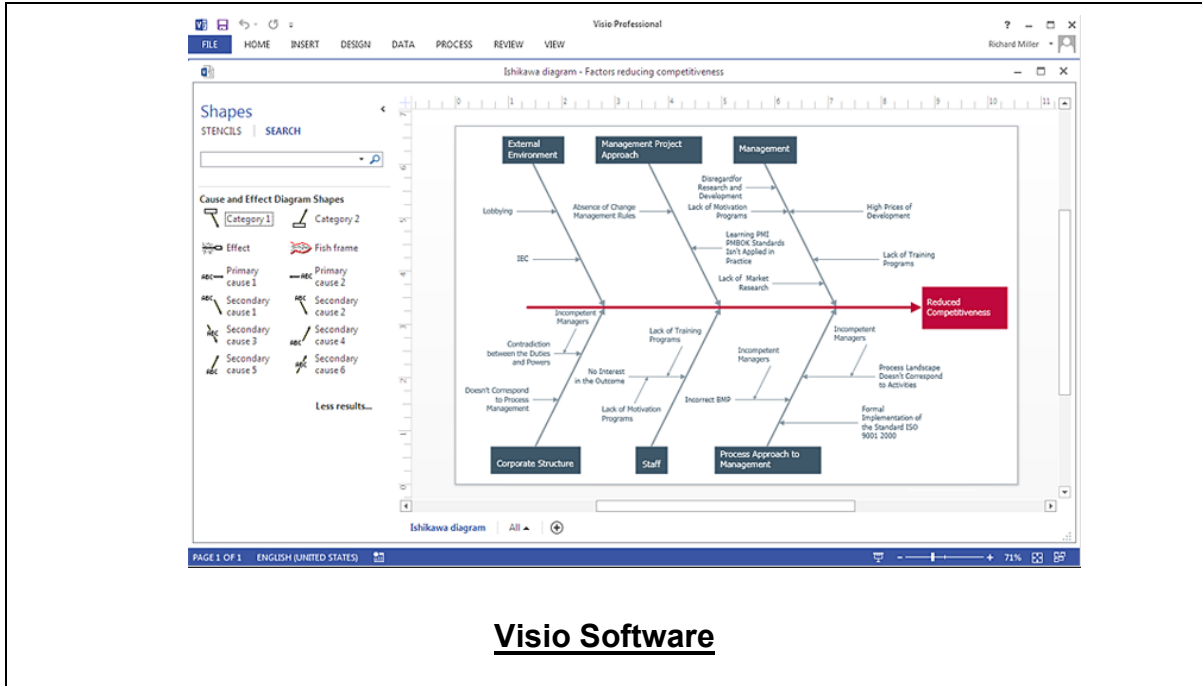

Upon the completion of the course, participants have to sit for a MOCK Examination similar to the exam of the Certification Body through Haward’s Portal. Each participant will be given a username and password to log in Haward’s Portal for the MOCK Exam during the 60 days following the course completion. Each participant has only one trial for the MOCK exam within this 60-day examination window. Hence, you have to prepare yourself very well before starting your MOCK exam as this exam is a simulation to the one of the Certification Body.

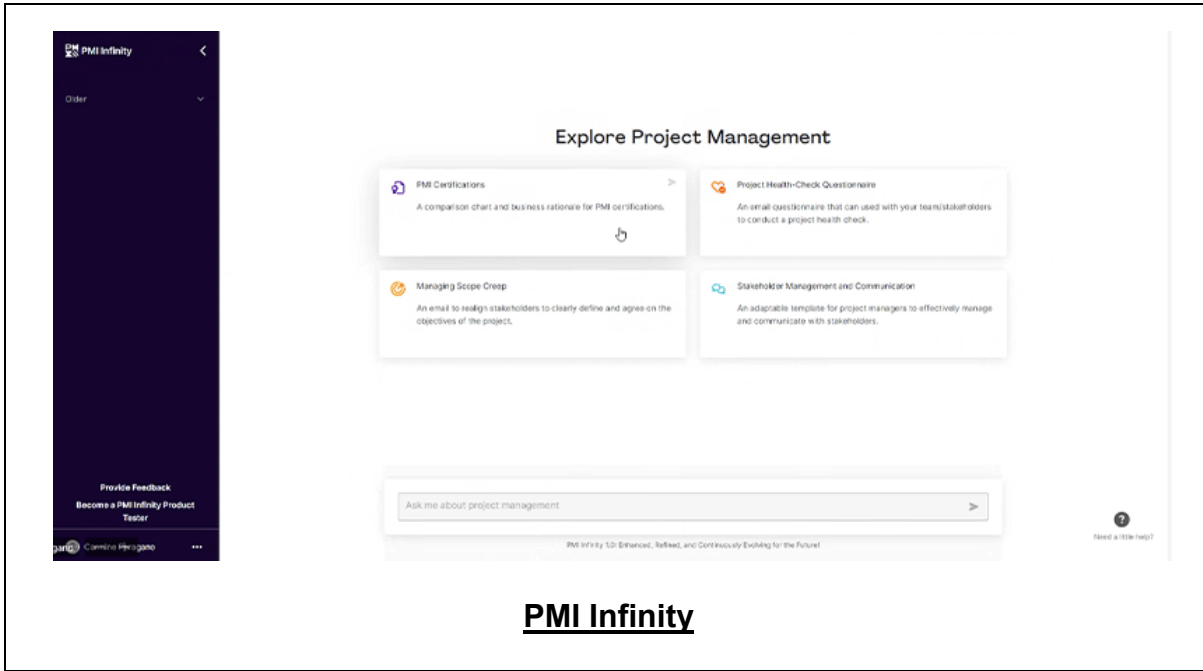

Software Tools Demonstration

Practical sessions will be demonstrated through software tools during the course for delegates. Delegates will have an opportunity to understand the exercises using the “Mindview Software”, “Visio Software”, “ChatGPT” and “PMI Infinity”.

Mindview Software
