

COURSE OVERVIEW TM0215 **Effective Business Planning**

Course Title

Effective Business Planning

Course Date/Venue

February 09-13, 2025/TBA Meeting Room,
DoubleTree by Hilton Doha - Al Sadd, Doha,
Qatar

Course Reference

TM0215

Course Duration/Credits

Five days/3.0 CEUs/30 PDHs

Course Description

This practical and highly-interactive course includes real-life case studies and exercises where participants will be engaged in a series of interactive small groups and class workshops.

This course is designed to provide delegates with detailed and up-to-date overview of effective business planning. It covers the different approaches of business planning processes for different organizations; the forecasting, aim, goals and plans; the organization's mission and goals; allocating resources, activities and finance wisely; the hindrances and challenges; the meaning of success and the steps in planning process; the methods and documents; and the eight key components of any plan and the audience.

During this interactive course, participants will learn the style and emphasizing it right; how much detail to put in the plan and dealing with questions and answers; the financial implications of the plan; the resources and costs implications of the plan and what are the returns from the plan; the probability of success; the principal risks and contingency plans; the sign-off on the plan, planning to successful implementation and involving the implementation team; the change by handling the unexpected, monitoring progress, reacting and adapting; and the action planning to participants' own business plans and budgets.

Course Objectives

Upon the successful completion of this course, each participant will be able to:-

- Apply and gain an in-depth knowledge on effective business planning
- Identify the different approaches of business planning processes for different organizations
- Discuss forecasting, aim, goals and plans
- Achieve the organization's mission and goals as well as allocate resources, activities and finance wisely
- Anticipate hindrances and challenges
- Define what we mean by success and illustrate the steps in planning process
- Plan methods and documents and recognize the eight key components of any plan and the audience
- Get the style and emphasise it right
- Discuss how much detail to put in the plan and deal with questions and answers
- Determine the financial implications of the plan including the resources and costs implications of the plan and what are the returns from the plan
- Measure the probability of success and identify the principal risks and contingency plans
- Get sign-off on the plan, discuss from planning to successful implementation and involve the implementation team
- Adapt to change by handling the unexpected, monitoring progress, reacting and adapting
- Apply action planning to participants' own business plans and budgets

Exclusive Smart Training Kit - H-STK®

Participants of this course will receive the exclusive “Howard Smart Training Kit” (H-STK®). The H-STK® consists of a comprehensive set of technical content which includes **electronic version** of the course materials conveniently saved in a **Tablet PC**.

Who Should Attend

This course provides an overview of all significant aspects and considerations of effective business planning for business users, developers, managers, supervisors, business analysts, business people, venture capitalists, bankers and change agents who are in improving business processes and productivity in their organizations.

Course Certificate(s)

Internationally recognized certificates will be issued to all participants of the course who completed a minimum of 80% of the total tuition hours.

Certificate Accreditations

Certificates are accredited by the following international accreditation organizations:-

- 

The International Accreditors for Continuing Education and Training (IACET - USA)

Haward Technology is an Authorized Training Provider by the International Accreditors for Continuing Education and Training (IACET), 2201 Cooperative Way, Suite 600, Herndon, VA 20171, USA. In obtaining this authority, Haward Technology has demonstrated that it complies with the **ANSI/IACET 2018-1 Standard** which is widely recognized as the standard of good practice internationally. As a result of our Authorized Provider membership status, Haward Technology is authorized to offer IACET CEUs for its programs that qualify under the **ANSI/IACET 2018-1 Standard**.

Haward Technology's courses meet the professional certification and continuing education requirements for participants seeking **Continuing Education Units (CEUs)** in accordance with the rules & regulations of the International Accreditors for Continuing Education & Training (IACET). IACET is an international authority that evaluates programs according to strict, research-based criteria and guidelines. The CEU is an internationally accepted uniform unit of measurement in qualified courses of continuing education.

Haward Technology Middle East will award **3.0 CEUs** (Continuing Education Units) or **30 PDHs** (Professional Development Hours) for participants who completed the total tuition hours of this program. One CEU is equivalent to ten Professional Development Hours (PDHs) or ten contact hours of the participation in and completion of Haward Technology programs. A permanent record of a participant's involvement and awarding of CEU will be maintained by Haward Technology. Haward Technology will provide a copy of the participant's CEU and PDH Transcript of Records upon request.

- 

British Accreditation Council (BAC)

Haward Technology is accredited by the **British Accreditation Council for Independent Further and Higher Education** as an **International Centre**. BAC is the British accrediting body responsible for setting standards within independent further and higher education sector in the UK and overseas. As a BAC-accredited international centre, Haward Technology meets all of the international higher education criteria and standards set by BAC.
